

CycleWise®
7-1-2 GG

Technical Product Specifications/Guideline

Features/Benefits

- **Multiple N Sources from Pasteurized Poultry Manure, Feathermeal, Molasses**
- **Organic K sources**
- **Balanced C:N ration from Pasteurized Poultry Manure**
- **Improved Calcium source with little or NO soil pH impact**
- **Contains Silicon without any burn potential**
- **Magnesium trace elements**
- **Protein N is 93% digestible**
- **Uniform prill size and weight**
- **Optimum nutritional uptake**
- **Less loss through normal watering events**
- **Naturally occurring N form easily 'fixed' by bacteria**
- **Improved efficiency and uptake**
- **Slow release for continuous availability**
- **Known to improve natural disease resistance. Assists internal water efficiency and improves plant turgidity**
- **Calcium/Magnesium ratio for cell strength and color**
- **Best release from organic N for Controlled and slow release growth response**
- **Excellent spreading characteristic for all turf densities**
